SCHIZOPHRENIA AWARENESS WEEK
MAY 13 -19, 2020

With the right treatments and support, people with schizophrenia and other serious mental illnesses **can** and **do** recover.

NEOMED Coordinating Centers of Excellence
Stories of Recovery and Hope

The **Ohio Program for Campus Safety & Mental Health** offers **Collaborative Program Development Grants (CPDG)*** to encourage campus-community partnerships to address suicide prevention, promote mental health wellness and provide substance use disorder screenings. These grants have led to a range of campus-community partnerships, including community resource and self-care fairs, suicide prevention trainings and support for collegiate recovery communities offering safe, supportive environments for students in recovery from substance use disorders.

*Collaborative Program Development Grants support programs for campus faculty, staff, and students at Ohio's institutions of higher education. CPDG proposals must demonstrate a collaborative relationship between one or more colleges, universities, technical schools and/or community colleges within the area and a local community entity.

Please share [Stories of Recovery and Hope](#) of how the programs and practices of the BeST Center, CJ CCoE and OPCSMH have helped people with schizophrenia and other serious mental illnesses recover. Submit a de-identified story through the [online submission](#) by May 19 to be eligible for a prize drawing!

A New Way of Looking at Psychosis: Recovery!

Wednesday, May 13, 2020

Noon – 1 p.m. ET

[Register for Webinar](#)

Presenters:

Crystal N. Dunivant, MSW, LSW

BeST Center FIRST Consultant & Trainer

Valerie A. L. Kreider, Ph.D., LPCC-S, LICDC-CS

BeST Center Senior Consultant & Trainer

This webinar will help law enforcement officers, first responders, college and university personnel and mental health professionals:

- Recognize signs and symptoms of psychosis
- Identify indicators of recovery in individuals living with psychosis
- Identify habitual responses to stigma thinking in self and others
- Recognize the importance of responding appropriately to stigma or discrimination to create an environment of cultural humility

For information about continuing education units, please contact Crystal N. Dunivant, MSW, LSW, at cdunivant@neomed.edu.

This webinar is considered an Advanced Crisis Intervention Team (CIT) training opportunity. Certificates of completion can be requested after the webinar. For questions, please contact Haley Farver at hfarver@neomed.edu

The webinar will be recorded and posted to YouTube.
