## **What 988 Means for Crisis Care**

**Stacey Frohnapfel-Hasson, M.P.A., O.C.P.C.,**

**Bureau Chief, Prevention and Problem Gambling  
Services, Ohio Department of Mental Health &  
Addiction Services**

The Ohio Program for Campus Safety and Mental Health invites you to join us for a presentation "**What 988 Means for Crisis Care**". Stacey Frohnapfel-Hasson, M.P.A., O.C.P.C., spearheads the statewide planning and implementation of 988 and serves as a liaison with behavioral health county boards, service providers, state agencies and community agencies.

In July 2022, a 3-digit 988 number will revolutionize how people reach out for help in a suicidal, mental or substance use related crisis. National health advocates, the federal government and the Federal Communications Commission determined that a 911-like number is needed to support people in need of crisis care, especially for those experiencing suicide attempts or thoughts of suicide. A diverse swath of Ohio leadership and advocates in the field have been planning for implementation of 988. Learn how it can affect your campus community and outreach efforts.

### **Session Objectives:**

- Define and describe what 988 is and how it will change the front door for crisis care.
- Identify how the 988 network will work in Ohio.
- Create campus community plans for integration and service supports.
